

Five Questions to Get You Focused and On Track

1. What is a specific area of your life where you would like to experience a change or shift? (*Examples: health, home, finances, career, business, relationships or life in general*)
2. What is the highest vision you see for this area of your life? What specifically would you like to experience?
3. Who has already experienced this and paved a similar path? Are there people, books or programs that you can explore to give you clues for your own success? What lessons can you glean from them?
4. What are you currently doing in your life that supports you in your vision? What are you currently doing that is getting in the way of your vision?
5. Who can give you support and keep you accountable in moving closer to your vision?
